Extremity trauma
pediatric trauma: current concepts and treatments (Vane et al), 2002;17:230 (Analytic review)
Gastrointestinal hemorrhage
esophageal rupture after endoscopic banding ligation for esophageal varices bleeding (Wu et al), 2002;17:195 (Case report)
Head injury
pediatric trauma: current concepts and treatments (Vane et al), 2002;17:230 (Analytic review)
Hemodynamics
effect of manual hyperinflation on hemodynamics, gas exchange, and respiratory mechanics in ventilated patients (Paratz et al), 2002;17:317 (Original research)
Hemorrhage
esophageal rupture after endoscopic banding ligation for esophageal varices bleeding (Wu et al), 2002;17:195 (Case report)
Hemorrhagic fevers
management of patients exposed to biological and chemical warfare agents (Marik and Bowles), 2002;17:147 (Analytic review)
Heparin-induced thrombocytopenia (HIT)
therapy and monitoring of heparin-induced thrombocytopenia type II in critically ill patients during continuous venovenous hemodiafiltration: comparison of aPTT and ecarin clotting time for monitoring of r-hirudin therapy (Muhl et al), 2002;17:34 (Analytic review)
thrombocytopenia in critical care patients (DeLoughery), 2002;17:267 (Analytic review)
Hepatic resection
effect of ICU physician staffing and hospital volume on outcomes after hepatic resection (Dimick et al), 2002;17:41 (Original research)
Hollow viscus injury
pediatric trauma: current concepts and treatments (Vane et al), 2002;17:230 (Analytic review)
Hospital management
effect of ICU physician staffing and hospital volume on outcomes after hepatic resection (Dimick et al), 2002;17:41 (Original research)
Hydrocephalus
ventricular shunts (Chabrerie and Black), 2002;17:218 (Analytic review)
Hyperinflation
effect of manual hyperinflation on hemodynamics, gas exchange, and respiratory mechanics in ventilated patients (Paratz et al), 2002;17:317 (Original research)
Hyperlactatemia
blood lactate accumulation: hemodynamics and acid base status (Aduen et al), 2002;17:180 (Original research)
Hyperthyroidism
thyrotoxic storm (Stathatos and Wartofsky), 2002;17:1 (Analytic review)
Hypotension
perioperative myocardial infarction in low-risk patients undergoing noncardiac surgery is associated with intraoperative hypotension (Barone et al), 2002;17:250 (Review of a large clinical series)
ICU staffing
effect of ICU physician staffing and hospital volume on outcomes after hepatic resection (Dimick et al), 2002;17:41 (Original research)
Immune thrombocytopenia
thrombocytopenia in critical care patients (DeLoughery), 2002;17:267 (Analytic review)
Immunocompromised patients
Pneumocystis carinii pneumonia in adult non-HIV disorders (Gilmartin and Koziel), 2002;17:283 (Analytic review)
Immunosuppression
critical care aspects of lung transplant patients (Chakinala et al), 2002;17:8 (Analytic review)
Increased intracranial pressure
critical care management of increased intracranial pressure (Mayer and Chong), 2002;17:57 (Analytic review)
Infants; *see* Pediatric patient
Infectious diseases
thrombocytopenia in critical care patients (DeLoughery), 2002;17:267 (Analytic review)
Inflammatory mediators
neutrophil-related inflammatory mediators in septic acute respiratory distress syndrome (Kinoshita et al), 2002;17:308 (Original research)

Interventional radiology
role of vascular and interventional radiology in diagnosis and management of acute trauma patients (Morris), 2002;17:112 (Analytic review)
Kidney trauma
role of vascular and interventional radiology in diagnosis and management of acute trauma patients (Morris), 2002;17:112 (Analytic review)
Lactate accumulation
blood lactate accumulation: hemodynamics and acid base status (Aduen et al), 2002;17:180 (Original research)
Leukotrienes
systemic capillary leak syndrome, leukotrienes, and anaphylaxis (Lilly et al), 2002;17:189 (Case reports)
Liposomes
effect of liposome-encapsulated PGE_1 on systemic oxygen delivery and consumption in patients with acute respiratory distress syndrome (Heard et al), 2002;17:127 (Original research)
Liver disease
effect of ICU physician staffing and hospital volume on outcomes after hepatic resection (Dimick et al), 2002;17:41 (Original research)
thrombocytopenia in critical care patients (DeLoughery), 2002;17:267 (Analytic review)
Liver injury
pediatric trauma: current concepts and treatments (Vane et al), 2002;17:230 (Analytic review)
Lungs
atypical stunned myocardium caused by severe pulmonary dysfunction (Kobayashi et al), 2002;17:87 (Case report)
effect of liposome-encapsulated PGE_1 on systemic oxygen delivery and consumption in patients with acute respiratory distress syndrome (Heard et al), 2002;17:127 (Original research)
effect of manual hyperinflation on hemodynamics, gas exchange, and respiratory mechanics in ventilated patients (Paratz et al), 2002;17:317 (Original research)

Lung transplantation
critical care aspects of lung transplant patients (Chakinala et al), 2002;17:8 (Analytic review)
Manual hyperinflation (MHI)
effect of manual hyperinflation on hemodynamics, gas exchange, and respiratory mechanics in ventilated patients (Paratz et al), 2002;17:317 (Original research)
Mechanical shunting
ventricular shunts (Chabrerie and Black), 2002;17:218 (Analytic review)
Mechanical ventilation
effect of manual hyperinflation on hemodynamics, gas exchange, and respiratory mechanics in ventilated patients (Paratz et al), 2002;17:317 (Original research)
Noninvasive positive pressure ventilation: Principles and Applications, by Hill (Markowitz), 2002;17:262
prolonged mechanical ventilation after cardiac surgery in young children: incidence, etiology, and risk factors (Davis et al), 2002;17:302 (Analytic review)
Morbidity
assessing outcomes in critical care (Watson and Angus), 2002;17:103 (Analytic review)
Mortality
assessing outcomes in critical care (Watson and Angus), 2002;17:103 (Analytic review)
perioperative myocardial infarction in low-risk patients undergoing noncardiac surgery is associated with intraoperative hypotension (Barone et al), 2002;17:250 (Review of a large clinical series)
Myocardial infarction
novel technique while on extracorporeal membrane oxygenation to rule out anomalous left coronary artery (Wilson et al), 2002;17:186 (Techniques and procedures)
percutaneous mechanical reperfusion during acute myocardial infarction (Goswami et al), 2002;17:162 (Analytic review)
perioperative myocardial infarction in low-risk patients undergoing noncardiac surgery is associated with intraoperative hypotension (Barone et al), 2002;17:250 (Review of a large clinical series)
"time is muscle" only in experienced hands and high-volume centers (Allaqaband and Bajwa), 2002;17:199 (Editorial)
Neck vascular trauma
role of vascular and interventional radiology in diagnosis and management of acute trauma patients (Morris), 2002;17:112 (Analytic review)
Neoplasms
critical care management of increased intracranial pressure (Mayer and Chong), 2002;17:57 (Analytic review)
Nerve agents
management of patients exposed to biological and chemical warfare agents (Marik and Bowles), 2002;17:147 (Analytic review)
Neutrophils
neutrophil-related inflammatory mediators in septic acute respiratory distress syndrome (Kinoshita et al), 2002;17:308 (Original research)
Opportunistic infections
Pneumocystis carinii pneumonia in adult non-HIV disorders (Gilmartin and Koziel), 2002;17:283 (Analytic review)
Oral feeding
swallowing with a tracheostomy tube in place: does cuff inflation matter (Davis et al), 2002;17:132 (Techniques and procedures)
Organ transplantation
critical care aspects of lung transplant patients (Chakinala et al), 2002;17:8 (Analytic review)
